

GOVERNMENT INQUIRY SHOWS "HELLO" GIRLS UNDERPAID IN 7 CITIES

Federal Supervision of Telephone Operators' Working Conditions Recommended.

CHICAGO, July 22.—An investigation of wages, hours and the general condition of telephone operators in Chicago, Nashville, Kansas City, Madison, Salt Lake City, San Francisco and Los Angeles was completed today for the United States Commission of Industrial Relations. A report covering every phase of the inquiry was submitted to the commission, which is in session here going over its work preparatory to submitting to Congress its final report on the causes and remedies for industrial unrest.

The investigation, which was made by Willie Curry, special investigator, required more than six months. From the answers obtained, the report gives the following conclusion:

That the wages paid are too low to enable a girl dependent on her own energies to maintain a proper standard of life; that the wage scale remains too low for the following reasons:

(a) Because of the employment of a large number of young girls. (b) On account of the competition of girls living at home and partly supported out of the earnings of parents or others employed in various occupations. (c) On account of the lack of organization. (d) The telephone girls, because of their youth and inexperience, are peculiarly unqualified to insist on fair conditions for themselves.

As a substitute for organization the report recommends Government supervision and publicity.

WIVES, FEED HUBBY PICKLES!

They'll Make Him Affectionate, Good-Natured and Happy.

CHICAGO, July 22.—If hubby is inclined to be irritable, distant, addicted to staying out nights or talking about the war, feed him pickles. To-day, at the annual meeting of the American Pickle Packers' Association, the dignity of the pickle as the people's relish was upheld.

Pickle eaters are invariably the sweetest tempered and most affectionate men," declared Leonard N. Hathaway, one of America's pickle princes. "Pickles sustain the home."

HACKENSACK RECTOR QUILTS.

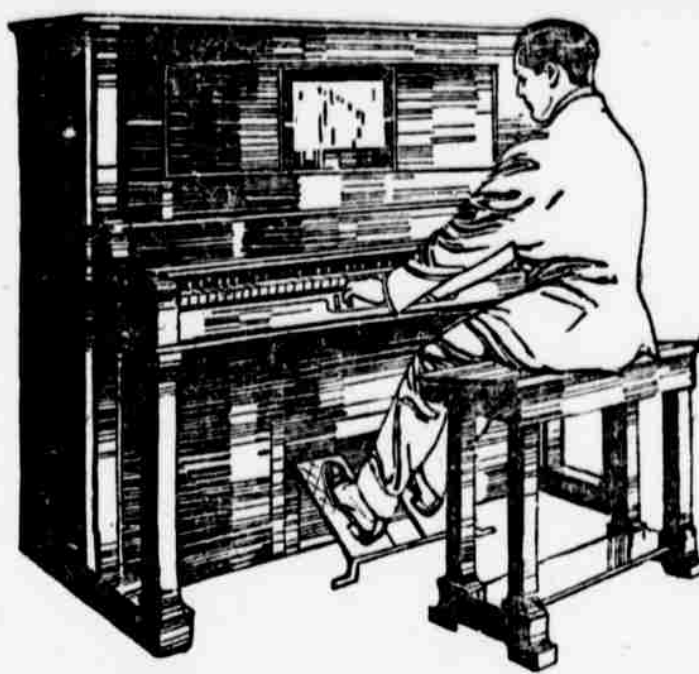

Disagreements With Wife Removed Reason for Resignation.

HACKENSACK, N. J., July 22.—William J. Fisher, Senior Warden of Christ Episcopal Church, announced to-day that the Rev. Peter A. Tulp, rector of the church since October, 1910, had resigned. It is rumored that the minister resigned because of disagreements with his wife. The Rev. Mr. Tulp is thirty-six years old. He graduated from Rutgers Theological Seminary in 1904 and was in charge of the First Reformed Church of Hoboken Heights and the New York Avenue Reformed Church at Newark. He later joined the Episcopal Church and in 1908 he became the curate of St. Paul's Church at Englewood. He was made rector of Christ Church five years ago.

Don't Poison Baby.

Forty years ago almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CANTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher. Genuine Cantoria always bears the signature of Chas. H. Fletcher.

An invitation is extended to inspect these splendid offerings on Friday and Saturday to enable you to acquaint yourself with merchandise and the prices and draw comparisons.

Emphasizing the Home of Truth

The question of honesty in advertising is not open to quibbling, for there is only one kind of honesty, and any honesty supplied with a prefix or suffix of any kind is not honesty, but dishonesty.

As "The Home of Truth" it is no more than that COMMERCIAL HONESTY which, in the last analysis, is neither commercial nor honest, should be either eliminated from Bloomingtondale's advertising or, if used, so fully explained that there can be no misconstruction on this meaning.

To this end, and at the beginning of our August sale of furniture, we make this explanation of certain trade terms which are used practically everywhere and by every store handling furniture.

"Mahogany," when used in describing furniture, means that the furniture is finished with a mahogany veneer. (Veneer is not only used to secure a beautiful grain but is necessary on all curved surfaces to prevent warping.)

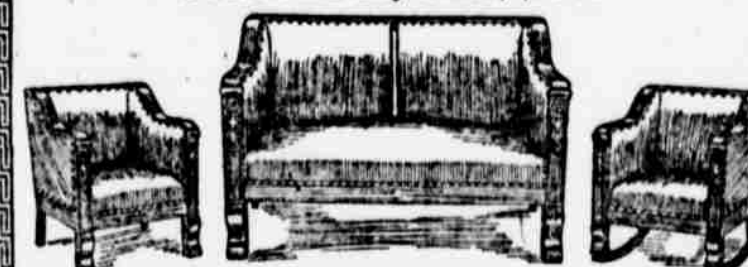

"Mahogany finish" means that the wood is stained and polished to resemble mahogany.

"All mahogany" means that the entire construction is mahogany.

"Solid mahogany" means that the furniture is constructed of solid pieces of mahogany.

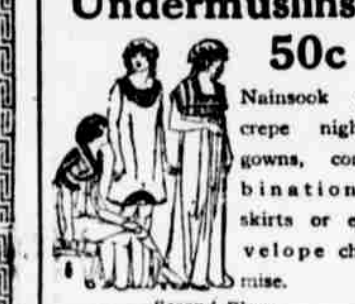

This same rule applies with oak, quarter-sawn oak, bird's-eye maple, Circassian walnut, or any other wood.
